## Automobile Races At State Fair Saturday, Sept. 21.

Nashville, Tenn., Sept. 16.

The greatest Fair ever held in the history of Tennessee was opened here to-day to a record breaking attendance. Among the features that are promised for the Fair the automobile races that are to be held on the last day, Saturday, September 21.

J. W. Russwurm, Secretary promises that all the exhibits will remain intact over that day and with the foremost dirt drivers of the world entered, the best racing in the history of the Fair will be seen.

Among the drivers that have signified their intention of participating in these speed events are Fred Hory, the World's undisputed dirt track champion, George Clark, who won the Southern championship at Memphis last fall, Ben Gotoff, the Russian speed king who came to this country at the out-break of the war to win fame and money in order to help some of the less fortunate in his country, Jess Callahan, whose name is a by-word to the children in Texas, on account of his reckless driving in the Lone Star State. Every effort is being made to add to the already large list of drivers, that of Barney Oldfield, the Master Driver, who is known to every man, woman and child in the country. It will not be known until the middle of the week as to whether this entry will be filled.

Taken all and all the automobile races loom up as the most thrilling and exciting events on the weeks program and great preparations are being made to handle a monster crowd. Every precaution will be taken by the officials of the International Motor Contest Association to guard the course and protect the patrons in order that an accident, such as occurred on the local track four years ago, when four spectators were killed and many injured, will not be repeated, and with clear weather, records are expected to be made.

## JACKSON COUNTY PERFECT ORGANIZATION FOR 4th LIBERTY LOAN.

(continued from page 1)

were made, and is was predicted that the county's quota of bonds would be subscribed without any trouble.

It is not known yet what the quota for Jackson county and the various districts will be, but as soon as this is known the County Committee will meet and work out the plan adopted by the Government for raising this loan.

Jackson county may be proud of its reputation as a patriotic county, as its record is equal to any in the State.

## RELIEVING CONSTIPATION

When the bowels become constipated or clogged by an accumulation of feces, the residuum thus retained slowly decomposes, producing gases, and liquids, which are absorbed by the intestines and taken up by the blood. Unless the bowels are thoroughly cleansed and a regular habit established, the poison thus taken into the system may manifest itself in boils, blotches, pimples and sores. Inflammation of the bowels, liver and kidneys may also result, and the absorption of the bile and uric acid by the blood becomes the source of rheumatism and neuralgic affections.

In the train of constipation follows a multitude of diseases. Thus it often happens that a course of VIN HEPATICA treatment removes not only the constipated condition but other painful ailments which results therefrom.

L. F. Sweeney, of Route No. 1 West Nashville, Tenn., the well-known Nashville traveling salesman, writes: "There have been times when I thought I would simply have to give up my work on the road. No one knows how much I suffered from poor and irregular meals and broken rest. I was continually constipated, and my whole digestive system was upset. But the tide has turned for me now, and I am on the road to complete recovery. And I owe it to Vin Hepatica—nothing else. I now go to bed and sleep as soundly as a baby all night, and wake up feeling refreshed and go about my work with my old-time energy."

You can get this wonderful treatment at this designated Vin Hepatica store.—L. B. Anderson, Gainesboro, Tenn.

## Lookee! Kiddies! Circus Is Coming.

Ringling Bros. Mammoth Show and Great Show Will be in Nashville, Sept.

"Ringling Day," the big holiday for which young and old impatiently wait at this season of the year, promises to eclipse all other events on the calendar at Nashville, Saturday Sept. 21. Exhibitions will be given both afternoon and night. It would seem as though everybody in this locality were planning to attend. Those who do will see many wonders. There will be the great street parade—more than three miles long this year—no end of strange and remarkable wild animals in the gigantic Five Continent Menagerie, and whole hour of sensations in the mammoth main tent. This season the Ringling Brothers are opening their program with a wonderful spectacle entitled "In Days of Old." More than 1,200 actors take part in the great production, which tells the story of "when knighthood was in flower." There is a ballet of 300 dancing girls and no end to other striking features. Following the spectacle will come a thousand and arseic sensations. There will be seventy riders, headed by May Wirth, who somersaults from one galloping horse to another: Lily Leitzel, the world's

greatest aerial gymnast; Australian woodchoppers felling giant trees: Hiliary Long, who leaps the gay on his head, and a world of other startling features. Eighty clowns will furnish fun and

more trained animals and trick horses and elephants will appear than ever before.

# STOCK FARM FOR SALE

Monday, Sept. 23, 1918  
AT 2 O'CLOCK P. M.

For the purpose of division, the undersigned will sell to the highest and best bidder, on the above date, the John Burr Wilson Farm, known as the Cherry Heigh's Stock Farm.

This farm is located in the 13th Civil District of Smith County, Tennessee, five and one half miles from Carthage, two miles from Rome, and about three quarters of a mile from Rock City. It lies within a few hundred yards of the Lebanon and Carthage pike, along which the new Highway has been routed. A church and school house are within one half mile, and two rural routes pass by daily.

There are 160 acres, more or less in this farm, 50 acres of which are now under cultivation and the remainder in blue grass lots, the equal of any to be found anywhere. The whole farm is well fenced with rock and wire fence. Of the grass land, fully one half is tillable. The water supply for stock on this farm is unexcelled. Two everlasting springs furnish water the year round and Plunkett's Creek runs by the gate. Practically all the land now under cultivation borders this creek.

Two houses are on the place. One large, two story, eight-room house with double porches full length, beautifully situated on a rise commanding a view of the surrounding country, including the Carthage road and most of the farm. A fine well within ten feet of the house supplies an abundance of cold water for drinking and household purposes. The other house is a two-room tenant house about three hundred yards from the dwelling, with a fine spring a few yards away. A nice young orchard of apple and peach trees lies between the two houses.

There are two good barns and all necessary outhouses on the place. One of the barns is an unusually large stock barn with room for feeding and caring for a large amount of live stock. This barn has a good wood and metal roof and is equipped with a good hayfork.

This place is one of the best arranged stock farms to be found in the state, with a large acreage of the very best blue grass available and an abundance of water the year round. All kinds of live stock can be raised and handled with the greatest convenience.

Any one looking for the combination of a money making place and a home with all the best advantages in one of the best communities in the state, will do well to investigate this place before investigating elsewhere.

For information regarding the above property, call or write either of the following.

KELLY J. WILSON, Carthage Tenn. R-2, Rock City Phone.

JESSE E. WILSON, Gordonsville, Tenn. Both Phones.

D. E. SEAY, Watertown, R. F. D. Both Phones.

Terms of Sale Announced on Day of Sale.

## The Branch House Man

This is one of the Swift & Company Branch House Men.

They are all pretty much alike in the way they feel toward their work—and that is what this ad is about.

They know that most people couldn't get such good meat promptly and in good condition if it weren't for the branch houses of which they are in charge.

They know that the branch house is one of the most important links in the chain of preparing and distributing meat for a nation.

They know that Swift & Company must have its branch houses run at the highest notch of usefulness; that even a Swift &

Company branch house won't run itself, and that it is up to the branch house man to run it properly.

Any branch house man who doesn't see his work in this light is transferred to some other place with Swift & Company to which he is better adapted.

They are picked men, these branch house men. Every time you sit down to a steak or chop, or cut of roast, you can give a grateful thought to the whole crew of them.

And remember, in a general way, that everything that makes life smoother and more convenient for you, is the result of the thoughtfulness and effort of a lot of people of whom you have never heard.

Swift & Company, U. S. A.
